Billy,

We have revised the letter per Mike G's input and a clean version is attached for your review. OGC and Michelle Arling made comments and those have been addressed. We are also including the link to the document with track changes in case you want to look at any of their comments. DRAFT response to FKEC points from Nov 12_12 30 2020.docx

Thanks!

All,

Please see attached for OPP IO review our draft response letter to the FL Keys inquiry on the Oxitech EUP (Word doc) along with the FL Keys original inquiry. BPPD also completed a review of the Zhao memo that the FKEC cited which is attached. These have gone through both OGC and BPPD IO review. If you have any comments, please cc everyone on this email. If you do not have any comments, please forward to Alex for her review. Thanks!

Billy,

We received final input from Chris K. this afternoon. The draft letter for Alex is attached for your review along with our background review and FKEC's presentation. Once you, Ed and Alex are ok with the letter and Alex signs; Eric will put the letter and review into the docket. Thanks!
