Subject: RE: EUP amendment

Hi Keith, Nathan and Kevin,

Our review is coming along and we hope to be done in the next few weeks. I am not aware of any issues at this point, but we will let you know if anything comes up.

Also, I want to update you that I am moving to a new position with EPA on March 14 and will no longer be the contact for this action at that time. Matt Weiner, who I've cc'd will be taking over managing the action. Please cc him on future correspondence.

Thanks.

Subject: RE: EUP amendment

Hi Eric, Mike and Alan
Just checking in on these minor protocol amendments – we are targeting our first releases next month, so we will be relying on having these amendments finalised before then. If there's any further information you need, please let us know – we are always available for a quick call if helpful.
Kind regards
Nathan

Hi Keith and Nathan,

We will need a stand-alone clean pdf label because we will need to stamp the revised label. You can send that through email directly to me. As far as the reviews, we have completed the section G review and the review of the other MRIDs is in progress.

Thanks.

Hi Eric and team
Hope you are all well!
Just checking in on the EUP amendment – do you have everything you need, and could you provide a brief progress update on the reviews? If this is easier done on a brief call, let us know.
Kind regards
Nathan

Subject: RE: EUP amendment

Nathan,

They should be submitted as courtesy copies for reviewers, so they should not get new MRID numbers. I would describe what they are in the cover letter and clearly indicate that these are courtesy copies and not new studies and reference the already existing EUP amendment application.

Thanks.

Hi Eric
That's not a problem. Should these have new MRID numbers, or can we use the same MRIDs used when we submitted these in Dec?
Kind regards
Nathan

Hi Keith and Nathan,

We have one request related to the pending EUP amendment. Could you please submit redline copies of the section G and revised MRIDs. I know there is a table in the one MRID which lists the changes but our reviewers would like to be able to see the changes easier throughout the document.

Thanks.

Subject: EUP amendment

Dear Mike and Eric
Hope that you are both well!
Just wanted to check on the status of the review of the EUP protocol amendments, and whether it would be helpful to arrange a call to discuss any of the minor amendments requested.
Kind regards
Nathan
