Ryan,

I have reviewed the response to comments. The attached document shows my comments and questions in bold as well as suggested changes. Why don't you take a look and then we can set up a time to go through it.

Phil,

I just wanted to follow up on the draft response to comments for the Sandstone permit. Did you get a chance to review the document? If not, would you like to set up a meeting to discuss it? Thank you, and let me know if you have any questions.

Hi Phil,

I met with Dave yesterday to go over the responses to the Seneca Nation's comments on the Sandstone draft permit that I drafted and finished cleaning them up just now. Whenever you get a chance, could you please review the attached document (I also included the draft permit)? If you would like to set up a meeting to discuss anything, please let me know and I would be happy to set that up. Thank you.

FYI. The Seneca Nation submitted 18 comments for the Sandstone permit. We'll have to begin responding to these. Ryan, do you want to take the initial lead on this and we can work with Phil on the language in our responses? I would start with the Responses we did for Roulette. It looks like some of their comments for Sandstone are the same.
