Hi Kevin

I updated the responses to address your input. For many of them, we just needed to delete the question.

I think there's one open item—to request information from Roulette regarding the source of their oil and gas information.

Please let me know if you need anything else.

Hi Shari,

I finally got around to responding to the questions that you had for EPA for the RtC. I'm available to talk if you have any additional questions. I'm out of the office starting tomorrow (9/10) and coming back on Monday (9/20). We can set up a quick call then if you'd like.

Thanks!

Thanks, and congratulations on getting one piece done.

I'll hold onto this, in case it's needed for updates to the RtC document.

Hi Shari,

I wanted to let you know that we finalized the RtC for the Seneca Nation for the Roulette permit. I wanted to share that with you so you can see how we responded. It took forever to get it out but that's how the government works sometimes :).

I'm reviewing your RtC now and I'll get back to you next week.

Thank you! Have a great weekend!

No problem, Kevin. August was very busy here too.

BTW, I'll be out next Tuesday and Wednesday, but can address your comments when I return (or have a call to discuss them if you want).

Hi Shari,

I just wanted to get back to you on this. I plan on reviewing the RtC by the end of the week. Sorry it's been a crazy couple of weeks but I will definitely get to it this week.

Hope you're doing well!

Thanks!

Hi Kevin and Colin,

Attached is the draft response to comment document for the Roulette Class II well.

The response text is based on information in the permit package (i.e., the permit, SOB, and permit application) as well as responses to similar issues that were raised in other response documents that you provided.

As I mentioned last week, there are some comments for which I am not sure the responses are sufficiently complete. These are highlighted in the document. If you would like to discuss them, we can update the responses accordingly.

Please let me know if you have any questions.
