Subject: South fork notice
Attachments: SFW_OCS Air Permit_FINAL_OCS-R1-04.pdf; SFW_Response to Comments_Final Permit_OCS-R1-04.pdf

Hi everyone,

The South Fork permit is now posted on EPA's website and we have notified all interested parties.

Please go ahead and continue to notify interested groups. Below is a copy of notification email that was sent to our broad distribution list if you need to use it.

Jeff – once you notify the EJ/Community groups, please save a pdf of the email from your sent mail (so that it shows bccs), and forward to me so I can include a copy in the docket. The distribution list from the draft permit notification is in the comms plan. SFW_Final Permit_commsplan_Jan 2022.docx

Also attaching a copy of the final permit and RTC if you need it. Please use this version of the RTC if you send it out.

Thanks everyone!

Subject: Notice of Final Clean Air Act Permit on the Outer Continental Shelf – South Fork Wind, LLC

In accordance with the regulations at 40 CFR §§ 55 and 124, the EPA has issued a final Clean Air Act Outer Continental Shelf air permit for the following source located on the outer continental shelf:

South Fork Wind, LLC – 130 MW Offshore Windfarm

Electronic copies of the final permit, response to comments document, application, and other supporting materials can be obtained at no cost from EPA's web site at: https://www.epa.gov/caa-permitting/epa-issued-caa-permits-region-1.

The permit is effective February 20, 2022 unless a timely petition for review is filed with EPA's Environmental Appeals Board pursuant to the procedures in 40 C.F.R. §124.19. *See* 40 C.F.R. §124.15 (issuance and effective date of permit). Please refer to the regulations and to materials on the website of the Environmental Appeals Board (http://www.epa.gov/eab) for information concerning procedural and substantive requirements applicable to permit appeals.

Thank you.

Eric Wortman
