Hello Leiran

Please find our responses to your comments regarding the OM modeling protocol forwarded to us on September 15 2020. These responses are meant as supplementary information to that OM protocol you reviewed. I trust that this meets with your approval but should you have any further questions, please let us know.

Regarding your comment #3. I just this afternoon received word from Ralph Perron at USFS that no Class I AQRVs will be required there. That correspondence will be included in the modeling report. No correspondence from FWS yet other than a request for additional information, which was promptly supplied.

Best Regards
Darryl

Subject: [EXTERNAL] EPA comments on the O&M protocol for the South Fork Wind Farm

Hello Rob and Darryl,

Please find attached EPA's comments on the O&M modeling protocol for the South Fork Wind Farm project. Please let me know if you have any questions about these comments. I look forward to reviewing the final SFWF modeling report and files.

Best,
Leiran
