Subject: Final FY19 CAA 105 Grant Funding Summary

Hi Shika,

As discussed yesterday, your CAA 105 grant will be extended for another year. In addition, I believe I've successfully captured everything that will be included in your final FY19 grant award. Please let me know if you agree. Here's what I have:

6,173,703	FY19 Base Funding after 1.4% rescission
-186,216	WESTAR Contribution for FY18 (per 7/25/18 email from Mary Hung)
5,987,487	
+945,000	Special projects (see list below)
6,932,487	

Special Projects:

150,000	Non-road Renewable Diesel Emissions Testing
75,000	PM2.5 Residential Woodburning in SJV
400,000	Mexicali PM 2.5 Study (Phase II)
20,000	Windblown Dust Camera
10,000	Salton Sea Support
150,000	Real-Time Speciation Capabilities for Calexico site
140,000	Imperial County Real-Time Website
945,000	

Additional Projects approved at this time are:

19,500	Additional Monitoring Support for SPC BC in Baja
100,000	On-Road Motor Vehicle Emissions in Baja
2,000	Support 2 Mexicali Attendees to attend 2020 Sensor Conference

If you agree, we will amend your grant to extend the project/budget end date to 9/30/2020, and award the remaining portion of your FY19 grant application amount, which is $5,587,071. In addition, I will send a "Please Apply" letter for CARB to submit the FY20 grant application. If you are aware of any special projects to be included in your FY20 grant application/workplan, please let me know as soon as possible. If not, the amount will likely be the same as original FY19 amount, $6,841,362.

Please let me know if you disagree or have any questions.

Thanks!

- Angie
