Hi Rob,
I was not on site for any of OSPR's activities during the ER phase, nor were they on site for any of my activities during the Removal phase. I do not have any knowledge of what OSPR did on site, and I am unable to approve any of the costs for anything you might have agreed for them to do on site. I would feel more comfortable with your sheepherding this request.

Sorry,

No, but they can put in for a third party claim for their own response activities for sites that they are not the PRPRs.

Hi Rob,
Did you task CAF&W to do any specific tasks at Slauson? If so, do you have any directional docs that could be used to justify cost reimbursement? I had no interaction with them during the Removal phase of the response.

Thank you,

Hi Rob, good talking with you just now re the March 17, 2019 9000 gl. gas tanker fire in LA County at 210 W. Slauson. I am awaiting the IR from Anastasia Norris. Considering all of the circumstances in this case, OSPR's best recourse may be to go to the federal fund for response cost reimbursement. If you can provide us the documentation we need re coordinated response that would be very helpful. Also, if you can send or arrange to be sent any completed reports you have on this case, that would be appreciated.

Thanks,

Lisa
