Subject: RE: Upcoming Field Events at Zionsville Properties (UNCLASSIFIED)

Mark,

Thank you for the kind note and inquiry regarding the schedule of upcoming field work at ECC and Third Site. We are well and I hope the same for you and your family. The combined ECC and Third Site water sampling is scheduled for the week of June 8-12. Sampling of the new south end ECC monitoring wells and soil gas probes is also scheduled for that week. Considering the volume of sampling to be conducted and pending weather, the work may extend into the following week.

The Phase 2 sampling within the Third Site DNAPL Containment Area, MW-27R Area sampling, and repair of EW-3 are to be conducted concurrently following the temporary relocation of ERH equipment. The schedule for the relocation of the equipment and the sampling of those two areas will be established by Ramboll once USEPA has approved the May 15 Phase 2 sampling plan for the DNAPL Containment Area. Please advise whether this sampling plan is approved.

Best Regards,

Andy

CLASSIFICATION: UNCLASSIFIED

Andy - I hope all is well with you and your family. The purpose of this correspondence is to confirm the dates for several upcoming field activities at the Envirochem Site and Third Site properties. Could you please provide information on the following:

- ECC Site Southern Property Supplemental Investigation - I understand the well installations and soil probe points installations will be completed this week. Could you provide a schedule for the subsequent field event for the collection of soil vapor and groundwater samples?

- ECC Site & Third Site's summer 2020 Surface Water & Groundwater Sampling - Could you please confirm the dates for the next field sampling event? I believe the tentative dates are June 8-12.

- Third Site DNAPL Containment Area Sampling Work Plan, Phase II - Are tentative dates available at this time for implementation of Phase II.

- Third Site Sampling Work Plan for the MW-27R-2 Area - Please provide tentative dates for field implementation.

- Third Site Installation of New Extraction Well EW-3 - Please provide tentative dates for field implementation.

Thank you - Mark
