Subject: RE: OPP speaker at June 23 Chemical Watch virtual conference?

Appreciated, Jeff. Just to close the loop: Chemwatch did ask for an expanded presentation in this area – so we'll be doing a short (15 minute) overview of the proposed rule on Wednesday, too. I've made sure OPPT staff are aware that you are on the agenda as well.

Best,
Alison

Alison

I am already doing a presentation on PFAS at the following meeting

https://events.chemicalwatch.com/231740/pfas-updates-2021

The may be sufficient but if they want something more expanded on the rule then it would make sense to do one.

Sorry to muddy the waters but just wanted to make sure you all knew about the existing effort.

Thx

Thanks, Jeff. So just to be clear, you're suggesting/advising that OPPT ***not*** do a presentation here as we had previously offered?

Alison

I am doing a Chem Watch presentation next week at their PFAS meeting. There is a slide/some content on the rule. During the live Q&A I can note this.

Jeff

Jonah (and team) – As you may be aware, the PFAS reporting rule did (finally!) make it out of OMB. Any objections with me reaching out to ChemWatch directly to see if they still would like a presentation in this space?

Best,
Alison

Subject: FW: OPP speaker at June 23 Chemical Watch virtual conference?

Judy,

I'm confirming that Jeff Dawson will be speaking on June 23 at a high level about PFAS, and PFAS in containers.

It's our understanding that you requested a second speaker about the proposed TSCA 8(a) PFAS reporting rule which is currently under development. Because that proposed rule is still under development, we can't discuss its contents, and will need to decline the invitation to speak about it. However, if the proposed rule is issued before the conference, the Office of Pollution Prevention and Toxics (OPPT) would be willing to follow up on this request.

Please let me know if you have any questions about this.

Thank you,
Jonah

Subject: Re: Invitation for an EPA speaker at a Chemical Watch virtual conference

Hi Catie,

Following my email of yesterday, there has been a complete change of plan and I am so sorry!

Rather than the keynote address, we would now like an EPA speaker to cover another topic and I have been in touch directly with the OPP team.

Apologies once again and thank you so much for your continued support of our events.

Kind regards

Judy
