Importance: High

Hello all,

On January 19, 2021, EPA Region 4 hosted a call with our State Agriculture and Environmental Agency Commissioners and each agency's designated PFAS or pesticides points of contact concerning EPA's January 14, 2021 press release on our action to address PFAS in a mosquito control pesticide product. EPA Region 4 held this meeting solely to facilitate connections between our states' Agriculture and Environmental contacts and to solicit their feedback and questions on this complex issue. The call was very productive and appreciated by our State partners. Please find attached the list of agencies that attended, names of attendees, and questions/concerns submitted for your awareness. Thank you and please feel free to reach out to my Special Assistant, Aaryn Jones, at Ex. 6 Personal Privacy (PP) or jones.aaryn@epa.gov if you have any questions.

Thanks

John
