EXTERNAL:

Hi Jason,

The calendars for the individuals working on the pfas-issue are quite full. The only reasonable times I can find, taking into account the time zones are as follows:
Thursday 1-1:30 (EDT) 10 -10:30 (PDT)
Thursday 3-3:30 (EDT) 12-12:30 (PDT)

Let me know if either of these times work.

Thanks,
Jackie

Subject: Amendment of Clarke Products - Container Exchange Program

Hello Jacquelyn,

My name is Jason Eiserich and I am an Environmental Program Manager in the Pesticide Evaluation Branch at the California Department of Pesticide Regulation.

I understand that you recently handled the amendment of several Clarke products where they updated the container type (switch from fluorinated HDPE containers to non-fluorinated containers). Clarke has submitted a number of product amendments to our Department for the same reason.

If possible, I'd like to set up a Zoom/Teams conference with you in the near future to get a feel for how you approached these specific amendments, and how the US EPA plans to handle the fluorinated container issue moving into the future. We'd like to get your insight into this issue as we wish to operate in a consistent manner. Perhaps you could provide me with a few days/times in the next week or two to hold a brief meeting.

Thanks so much in advance!

Regards,

Jason Eiserich
