Hi Kerry,

Can we chat real quick this morning about PFAS and Clarke's proposal for a submission to fix the problem?

Clarke asked Ed the following questions. I basically need to know Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP) Ex. 6 Personal Privacy (PP)

1. RD has previously, for other products and other packaging, required submission of an R340 amendment for a new packaging form. This new package is also HDPE is the same style ("F-style", jerican, and drum) and volume as current Clarke registrations. **Does the alternate barrier technology for an otherwise identically constructed HDPE container trigger the PRIA submission?** Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP)
2. If PRIA submission is required, what turn-around time from RD might Clarke expect for its submissions? Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP)
3. Will it be possible to submit applications for multiple products of similar composition as part of an aggregate package for ease of review? Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP)
4. Might fees be less for grouped applications of products that reference the same study (i.e., multiple formulations tested in a single study), i.e. R340 and R340.1 with a 25% fee reduction? Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP)
5. For a study that details stability and corrosion characteristics for multiple products, in CDX/PSP would we upload the study for one registration/action, or would we upload it repeatedly for every product application package? Does EPA have a preference? Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP)
6. We are submitting data to support a basic registrant's submission for a Clarke branded product that is a supplemental distributor label. How might we connect the submissions for expediency? Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP)
