I think what Ed wrote is consistent with what he told me over the telephone last week. According to Ed, CZE directed the Tribes to contact BAH about any TERO questions or concerns. As of last week, Ed said that the Tribes had not contacted BAH.

FYI – This is not entirely consistent with what I heard Jonathan say which is the CZE was approached by the Tribes and they were directed back to BAH. Maybe Ed just means that the Tribes haven't reached out directly to BAH??

Thanks Susan. Subsequent to EPA's letter to the Mark Echo Hawk dated September 4, 2014 regarding TERO compliance, we have not been contacted by the Tribes regarding TERO. When and if they contact us we will let you know.

Ed:

This is to clarify EPA's position regarding the TERO Fees. These fees should be a part of your loaded labor rates and therefore, will not be reimbursed.

If you have further questions, please contact me.

Thanks.
