See revised document.
Ingeborg – I left your comments in so you can see my responses. Hope they make sense to you.
David – I managed to lose the footer and the page numbers. Can you add them back in?
Thanks
Thuy

Hi all,
Please find attached my comments and edits. Let me know if I need to clarify anything… or help with anything else! Point of note: I only looked at the grammatical side of this and clarity of the wording. I did not check the "science" or results.
Regards,
Ingeborg

Subject: PFAS cover memo

All
We need to explain our data and why we think the fluorination process created PFAS. So I added a paragraph under Conclusions, in red for that. Please see if you agree and/or want to add anything else
I need this back before end of day today.
Ingeborg is added to this for a fresh new pair of eyes.
Thank you
Thuy
