Subject: Compliance Assurance Notification

Hello Shawn,

Please see the following compliance assurance notification.

Sites/Facilities and Locations: Inland Bays Waste Water Treatment Plant, 29445 Inland Bay Road, Millsboro, Delaware 19966

RB Hauling Lawson Road, Millsboro, DE

Proposed Action: NPDES Inspection

Basis for Action: There have been numerous complaints received by an individual in the area regarding potential disposal of liquids via spray irrigation or discharges to the ground at the two facilities identified above. On March 31, 2022, EPA will be leading a storm water inspection of the Lawson Road property and accompanying the state on their stormwater inspection of the Inland Bays WWTP. The state has been informed of these inspections and has received the same complaints. EPA has coordinated the inspections with the Delaware Department of Natural Resources and Environmental Control (DNREC).

Proposed Recipients: N/A

Statute/Regulation: Clean Water Act, Sections 301 and 402

Sensitivity Determination: None

Other Programs Involved: N/A

State Coordination: The State has been notified through calls and will be participating in the Lawson Road inspection and leading the Inland Bays Inspection. The following DNREC managers were notified of the rescheduled inspections on March 18, 2022: Jennifer Roushey, Terry Deputy and Virgil Holmes.

Thank you,

Diana
