Re: Request for Property Inspection

To Whom It May Concern,

The Delaware Department of Natural Resources and Environmental Control (DNREC) and the Environmental Protection Agency (EPA) have received illegal dumping and water complaints about Tax Parcel ID: 234-21.00-139.00, located on Lawson Road in Georgetown Delaware which is registered to your company. DNREC and EPA scheduled an inspection at the site for March 30, 2022 and found the site to be secured by a locked gate. At this point, representatives drove around the area and performed a perimeter assessment to try and ascertain any proof of the complaints.

Based the perimeter assessment and the inability to directly access the site, it was determined further investigation is necessary to determine if there is a violation on this site. This letter serves to request a mutually agreeable site visit be performed for all parties involved. Please coordinate with Adam Schlachter of my staff to set this up. You can call 302-739-9403 or email him directly at [HYPERLINK "mailto:adam.schlachter@delaware.gov"]. We appreciate a response to this request.

Please don't hesitate to contact us with any questions you might have.

Sincerely,

Jason W. Sunde
Environmental Program Administrator
