Jim,

Thank you for getting back to me. [redacted] I will look for a convenient time slot for Silvina, you and me to talk to round out our information and perspectives-gathering as we continue planning for consultation. Please look for a calendar invitation separate from this note.

Best,

Greg

Technologies for Elemental Phosphorus in Soil. Please let me know if I can set up a call to bring you into the discussion and get your advice and incorporate it into our plans. We would like to present our recommended approach to our Office Director, Jim Woolford, by the end of next week.

Thanks,

Greg

(Beth and Jonathan – I'd like to update you soon, so please advise on possible 'good days' to drop a short meeting on your calendars)
