Alison,

Thank-you for including a status update on the Tire Crumb Study on the regular DRA call agendas. Below is the tire crumb study update that we shared on today's call and attached are the "non-public" Questions and Answers we have prepared about the study. EPA has public Q&As and other information about the EPA Tire Crumb Study posted to a website – www.epa.gov/tirecrumb. Please note that due to privacy issues, the field locations are not being released to the public.

Monica,

Would you like me to include an attachment for the calendar invite? You sent me a few emails with information about the tire crumb study if you wanted me to attach something to this extent?

Good morning, Cecil-

I am writing to confirm your availability during next week's DRA call and if you would like to provide an update on the tire crumb study?

Let me know if you have anything else you would like to add, and thank you for time and consideration.

Kindest regards,
Ali
