Bradley,
Regretfully, EPA does not have staff available to attend the meeting tomorrow in Laytonville. I'm glad to hear that CalRecycle and the Regional Water Board do plan to be in attendance. We are interested in this issue as the conversation evolves, so please do keep me informed about future discussions in which we might be able to engage.

Thank you,

LE

Laura Ebbert
Senior Advisor for Regional Administration
US EPA, Region 9

Subject: Concerned Residents of Laytonville invites you to important community meeting June 16th 6pm

Hello,

I am writing at the request of Concerned Residents of Laytonville to ask you to attend, and bring the appropriate staff, to an important community meeting Thursday, June 16th at 6 pm. The meeting is to update the community, elected officials and government agency leaders and staff about the serious and ongoing health crisis impacting residents that many believe is the direct result of exposure to contamination from the old landfills.

Residents will share their stories, concerns and requests, and we look forward to a constructive discussion about how to get people out of harm's way.

Please let us know if you are able to attend, thank you.

The invitation flyer is attached.

Peggy Hoaglin, Concerned Residents of Laytonville

Bradley Angel, Greenaction for Health and Environmental Justice
