Hi Folks

Passing along word from the Director of DTSC that the California EPA Secretary, Jared Blumenfeld, and members of the Legislature have set a date for the announcement that California is requesting that EPA list the Exide site in Los Angeles County on the NPL. That announcement is planned for Friday, July 1 from 1-2 pm PDT.

Our OPA press folks are in touch with their OLEM counterparts on this.
Thanks
John

Hi folks,

In case you didn't hear from you comms folks, we were able to finalize a date and time for the virtual president that works for the Jared and members of the legislature. It's Friday, July 1, from 1-2:00PM.

Not necessarily ideal because of it's right before the holiday, but I'm glad to have a firm date. Let me know if you want to discuss messaging and coordination.

Regards,
Meredith
