Subject: Exide NPL Listing Support--CMS assignment
Attachments: CMS Exide NPL support July 2022.pdf

Importance: High

All:

We've received a CMS assignment to respond to an incoming Jared Blumenfeld (current Cal-EPA secretary & former EPA Reg 9 RA) letter, written in support of adding Exide to the NPL. Since NPL listing is a HQ function, OSRTI has the lead on preparing the response. Obviously, though, we need to coordinate with Reg 9 SEMDD (hence, the cc of Michael and John). Also, we should consider whether we need to incorporate ORCR into the review process given the facility's RCRA involvement.

The due date is July 20 and the response will be for Barry's signature (as acting AA—unless, of course, Carlton's confirmation comes through before the 20th).
