Monday is currently wide open. I am in an all day meeting on Thursday, so let's shoot for Monday if possible. Fridays are never good.

Thanks.

Subject: I talked with Kelly Rimer this morning
Importance: High

Kelly, the Air Toxics Group Leader (she has NATA and the risk modelers, I'm not sure of the actual name of the group) told me she has been asked to get up to speed on the Portland glass situation, to see what kind of risk modeling they could provide. Katie, could you please give her access to the OneDrive Colored Glass files?

Julie, please let me know your availability next week. I can't do it Tuesday or Wednesday, so I'll be looking at Monday, Thursday, Friday. Thanks!
