Supplemental info on EPA Region 9 priorities in the Bay Delta Estuary.doc

Pete -

Here is a very brief outline of our priority water quality issues and activities in the Bay-Delta. As my note on the attachment states, progress on these will be contingent on our level of investment in the coming fiscal year.

If you need more detail, here is a 3-page piece we prepared recently for our own planning purposes.

I hope this meets your immediate needs; if not, please let us know. - Karen
