Subject: Alternatives for BDCP

I talked with Jim Monroe at length today about a "Sustainable Environment" alternative.

He suggested that we should talk directly with the folks working on this for the FWS and NMFS.

He suggested that either Karen should talk to Dan Castleberry or that Erin should talk to Mary Grimm (916)930-5634).

The point would be to figure out whether a single suggestion or multiple suggestions from the three agencies would be more constructive.
