Hi Holly,

Thanks for the confirmation. I will let you know when the South Dakota page is updated.

I look forward to working with you on the North Dakota update when the time comes.

Best,
Katelin

Hi Katelin, so sorry for the delay in responding. I've been dealing with a controversial issue related to approval of North Dakota's WQS, which will result in a delay in meeting the 60-day approval deadline.

Everything looks good. Thank you so much for your patience!

Hi Holly,

A quick follow-up to see if you have any edits before this is posted to the repository.

Thank you,

Katelin

Good morning Holly,

Thanks for confirming the accuracy of the state document. Attached are PDFs of the three chapters and a Word document mock-up of the changes to South Dakota's repository page. Please let me know if you have any edits before this is posted.

Best,
Katelin

Hi Katelin, sorry for the delayed response. Yes, I just went through the individual chapters to confirm that this is the updated link to SD's WQS revisions effective April 27, 2021.

Attached FYI is South Dakota's WQS with just the revisions made during this triennial review.

Thanks. Please feel free to call me if you have any questions.

Subject: South Dakota WQS

Hi Holly,

We recently received notification of EPA's 6/25/21 approval of South Dakota's revised WQS. It appears that the standards posted on the state site (URL below) include the recent approvals. Note that the links to the three individual chapters do not work, but the link to the compiled document appears updated.

Can you please confirm that this is the correct version of the standards to post on the state's repository page? With your confirmation, we will divide the document to three chapters (74:51:01, 74:51:02, 74:51:03) to match the current repository format.

Thanks,
Katelin
