Kelly,

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

If you want to talk about this more I am available this afternoon.
Thanks,
Dave

Hi Dave,

Okay, sounds good. I was going to meet with Barb tomorrow at 10AM (Beth is out for the next week and a half), but can push it to 11/12 so that you and I can meet first. Would you want to attend the meeting with Barb too? Let me know what works timing-wise for you.

Best,

Hi Dave,

I attached SSPA's draft review of the 2020 Annual Monitoring Report and EGLE's comments. EGLE still needs to take a look at the proposed sampling plan for 2021 but said they should be getting this to me today. I need to get comments on the 2020 AMR and proposed 2021 sampling to the PRPs *very* soon. Do you have time today to take a look at EGLE's and SSPA's comments? I originally had a meeting planned with EGLE today to discuss but they have asked to reschedule to tomorrow or early next week. I'm leaning towards meeting with them tomorrow morning since we've had to reschedule several times already and I'd like to get the comment letter out to the PRPs next week. Let me know if you have time to look at the two attached documents and can discuss before the meeting with EGLE. If you don't have time this week maybe we can meet before I send out the comment letter to the PRPs.

Kelly,
I was finishing up a review for another site. I am now reviewing the 2020 Annual Monitoring Report and the other docs you forwarded to me.
I was talking to Matt Tonkin the president of SSPA on another site, but he did say they are almost complete with the review of the
2020 Annual Monitoring Report and their comment letter. So maybe we can all have a call sometime soon.

Dave

Hi Dave,

How's everything with the Verona files coming? I'll be meeting with EGLE either this week or next week to discuss the proposed plan for the PRPs upcoming sampling event but I was hoping to touch base with you first to talk about TSRR. I also wanted to talk about SSPA and the work they can do for the site to address the FYR issues and recommendations. Let me know if you think you have time to meet later this week.

Best,

Yes
Tim Prendiville said no issue to continue work on Verona.
I downloaded the files and will start to look through them with your *clear* set of questions in mind.

Talk to you soon.
Dave

Hi Dave,

Have you heard back about the SQAB request? Here is a link to the 2020 annual monitoring report from the PRPs and the excel sheet with all the data.

Hi,

I don't think repeat customers need to but I will check with my boss to make sure things have not changed.

Hi Dave,

I was hoping to bring you back on as the geo/hydro support for Verona – do you know if I need to submit a SQAB request for this?

Thanks,
