Mr. Collins,

I have checked calendars here and would propose 10 am CDT Tuesday 5/12 or Wednesday 5/13. Do either of these work for you and your team? Is one hour enough time for this preliminary discussion?

Thanks,

Subject: UIC Class VI Permit Discussion

Mr. Graves:

I got your name from Molly McEvoy as the UIC permit lead in Region 6. Oxy is looking at developing some Class VI projects in your Region. We thought it made sense to reach out and introduce ourselves virtually and begin a dialogue with you and your staff to better understand expectation so that we can make the best us of your time. We did this with EPA when we developed the first of our MRV plans for Subpart RR reporting and it was a very productive engagement.

Do you have some time next week for our teams to have a kick off call?

Thanks,

Al Collins
