Thanks. Is EPA telling the state that it may take over the state's UIC permitting program if it does not take care of these problems in the timelines provided?

Hi Curt,

Attached is the Dec. 22nd letter.

Happy New Year!

Nahal

Hi Nahal,
Can you send me the letter referenced below?
This is in regard to EPA and state water board/DOGGR correspondence over wastewater disposal/UIC permits.
Thanks,
Curt

On Dec. 22, the EPA sent the two state agencies a letter ordering them to submit a comprehensive plan by Feb. 6 for complying with federal UIC regulations, then reach full compliance by Feb. 15, 2017. It pledged $550,000 in federal money to help the state accomplish the goal.
