Steve Fields is the UIC supervisor in D4 and it is my understanding that he has no current plans on retirement or transfers. We plan on backfilling the Technical Program Manager position, and we will have another position of equal position to run the SB 4 program. I am not sure of the announcement dates for interviews for these two positions. We have to balance our priorities and budget issues, but I would like to fill t hem as soon as possible (with in a few months).

John, thanks for the org chart. Two quick questions about it – when Dan moves to D4, will you backfill the Technical PM slot at HQs, and if so do you know who that is going to be? Second, just wondering where Steve Fields is ending up after these changes as I know he was pulling some D4 duty. Thanks again, David

David,

Thank you for the attachment. As per our discussion I am attaching a one page PDF showing the basic organizational structure. As you may know as of May 5th Dan Wermiel will no longer be Technical Program Manager, but will be district deputy for our Bakersfield office.

Hi John,

Good to talk with you today. Attached is the document that we sent to DOGGR in May 2012. Please let me know if you have any questions about it. I'm looking forward to continuing the dialogue on this issue.

Thanks,
David
