Hey Marta and Michael,

It is my understanding that there were No measurable H2S results from the GMAP off AltEn property in Mead, NE. If that is true that is really good news and we would like to share this news with the community ASAP. Can we get a short statement from Region 5 saying what the preliminary results are with the caveat of course that the data is still under a detailed QA/QC review. We really want to rely some information to the Mead community.

Thank again for send the GMAP
Brad
