Subject: RE: Mead, NE AltEn Air Toxics project update

Thanks Leland.

Looks like a good plan. NDEE is really needing the data since there continue to be odors at the site that cause community concerns.

Subject: Mead, NE AltEn Air Toxics project update

Hi Cecilia

Mike J wanted me to touch base with you in regard to a quick TEAMs meeting we had this afternoon so I could brief him on the status of the Mead, NE AltEn air toxics project. My apologies as I believe there may have been some miscommunication in making sure you were copied on the invite but I am attaching the ppt from my update.

Please let Mike or myself know if you have any questions

Leland
