Subject: DOGGR Inventory received by EPA: draft 2014

Hello Jerry: here is the receipt for the data submitted on DOGGR's behalf to the national UIC data tables. Please let me know if you see significant discrepancies from FY13. I will do my own comparison before we talk on the phone next week.

Statewide: 51982 open/active Class II wells.

The geothermal inventory will be accompanying the Region 9 data.

Thanks
