Write up a report on work completed thus far and submit to EPA. Ill look at how much money we have left on the work assignment and think about next steps.

Hey Brian,

Those aren't exactly the results I was hoping to see. The detection of cis-1,2-DCE in the sample that was collected near the "Rohovit Cleaners" historical drycleaner site downtown is a little interesting. Let me know what you think, and if you have an idea of how you'd like to move forward. I'll be on a site in southern Arkansas the rest of this week and next week, but otherwise I'll be ready to get the next ball rolling sooner than later.

Thanks,

Ryan Slanczka | Environmental Scientist |

Subject: Copies of the Final LIMS data for ASR #8596 (Downtown Wells & Former Electrolux site) with the eCOC attached, Excel, Scribe and Property Report LIMS files, and the Online ASR Sample/Data Disposition and Customer Satisfaction Survey

Attached are the electronic copies of the Final, Excel, Scribe and Property Report LIMS data files for ASR #8596 (Downtown Wells site and Former Electrolux site).

In addition, the electronic Chain of Custody (COC) record is attached to the above copy of the final LIMS data transmittal for ASR #8596. Please ensure that you file this electronic (.pdf only) transmittal in your records management system as a record. The Regional Laboratory will now retain all the electronic or hard copy documentation (e.g. COC[s] and/or the LIMS field sheet[s], etc) according to our LSASD records management system.

ACTION REQUIRED: Please complete the online ASR Sample/Data Disposition and Customer Satisfaction Survey for ASR #8596.

(b) (6) [redacted]

It is critical that we receive your response in accordance to RCRA and the laboratory accreditation. Lack of a response does not guarantee that the laboratory will not dispose of the samples after 30 days.

We look forward to hearing from you.

Thank you!
