Subject: Re: Bloom GREENWASHING in Annadale NY

Mr. Regan

What is particularly revolting is that Cuomo's NYSERDA handed the Annadale project $1 million in subsidies to defile God's blue skies.

Cuomo handed his friends at Bloom a bucket load of money for their greenwashed fraud.

DO YOU THINK THIS IS ENVIRONMENTAL JUSTICE?

Mr. Regan

I hope you do not buckle and become a Bloomdoggler like Wheeler, Pruitt, McCarty or Jackson when you run EPA. Don't let Al Gore, Colin Powell or John Doerr twist your thoughts on what is green. Massimo is watching from Mars.

Mr. Regan and the SEC

I did some quick math on the level of GREENWASHING by Bloom, Certain Solar and South Jersey Industries in Annadale NY where 7.875 megawatts of dirty Bloom Coffins generate power for the grid. This scam was blessed by crooked Neil Chatterjee the Bloomdoggler who was booted from being the head of FERC.

The CO2 above the claimed amount by Bloom when their boxes are new equals approximately 6.5 short tons per day. This is like adding an additional 1,3 cars per day driving for a year on the roads of America. So far in 45 days of operation the excess CO2 above what Bloom lied is approximately 300 short tons (60 cars added

for a year). We can expect approximately 2,500 extra short tons of CO2 within a year (500 cars added for a year) compared to lie Bloom told about their 65% imagined efficiency when new.

Per open secrets the Oligarch in Chief Louis XX John Doerr and his Monkey See Monkey Do wife have made 1,002 contribution to Federal Politicians and Causes. Harvey Weinstein was only a bit player with only 18% of the number of contributions compared to the Deep State Doerrs.

Senators Machin and Barrasso

Don't let the GREEN NEW DEAL be a rehash of the GANGRENE OLD DEAL. Remember THERMODYNAMICS TRUMPS EVERYTHING. Linus Pauling said "facts are the air of scientists without them you can never fly". The facts prove Bloom is the Theranos of Thermodynamics. The scum at Bloom may have fooled Obama, Biden, Chu, Moniz, Huffman, Feinstein, Schumer and Newsom, but not Leveen The Green Machine.
