Hi all – I'm adding the Rep Beatty response to this stack as well. I'm hoping to get the ACC letter done today as well, so they can all be reviewed by tomorrow.

Hi Samantha – I'm passing on the three formaldehyde letters we have pending. Draft responses are attached to this email for your review. All the responses are fairly short. I've also attached the original letters to this email as well.

Hi Kris/Andrew/Barbara – Vicki can I have cross walked all three letters with one another. There is similar language now used across all three letters. There are some variations based on the original letters, but they should sound consistent. Let us know your thoughts on this. I've attached the original letters to this email as well.
