Subject: Location of LOOP Materials

Hi Angela,

Per your request, I have "organized" the hard-copy stack-of-LOOP materials that I have collected over time. They are somewhat in chronological order. I placed them in a centralized location for use by all -- on top of the glass-front bookcase across from Maria & Isaac.

(Also, Silvia still has some materials including the "old" studies performed by LOOP sent to us by LDEQ/LOOP, etc. at her cube.)

Also, I have copied all e-files that I have stored on my R: to H: at --

H:\6wq\6WQ-PO\Louisiana DRAFT Permit Reviews\LA0049492 LOOP Deepwater Port Complex_LDEQ and EPA copermittees

(There are many emails that have come & gone which are NOT included in the "stack" or the e-files.)

Let me know if additional info is needed.

Thanks

K
