All, Unfortunately the EPA invitees and I now have a scheduling conflict with this conference call and therefore we must cancel.

Please note that we are hoping to release the Proposed Plan for Lower Ley Creek to the public in the very near future. **But before we can proceed**, as mentioned in our previous conference call, **we still need** the clarification of the O&M costs listed in the Town of Salina landfill proposal and the clarification and more detail on the construction and O&M costs for the Cooper Crouse-Hinds landfill. Please send these to me as soon as possible.

If there are any questions, we can set up another conference call at a later date.

Thanks, Pam
