Hi Connie,

I have a similar update for Class II as the one I sent your way for Class VI; it is ready but just going through our ORC review but I think I'll send it on to you guys in the next day or so, so you can take a look. Nothing major. Actually not expecting any major hiccups. Also reviewed your public notice provisions related to 40 CFR 124, and those are basically the same issue as in the past but nothing that would seem to be a dealbreaker—should be able to get that to you later in the week as well.

Subject: WV's UIC Rule Updates

Today was eventful for the WVDEP UIC Program. We received your Class VI comments and we also received notice
that April 30 is the deadline for submitting rule amendments to our legal office so they can make sure the 2022 legislative session has

our documents for consideration.

We appreciate everything you've done to get the Class VI comments to us, and we'll be working on our response asap. We look
forward to receiving comments on the other well classification rule updates as we very much want to make the 2022 deadline.

Thanks,

Connie Anderson
