Good morning,

I'll set up a room and send out the conference number. We seem to be receiving more information. We just received another couple of emails from Joyce containing analytical results. If available, let's have a 30 minute strategy session before the 2 pm call.

Thanks so much.

Taim.

I just want some clarification- Are they going to be presenting new information, or are we leading the call? (I need to know if we are providing feedback on the Friday attachments, today)

I am flexing so I will also need to call in. Forwarding all the docs to Kay right now.

Thanks,

Silvia

Subject: Fwd: November 6th Conference Call

Good morning,

I am out of the office today, but want the Team to move forward with the conference call at 2:00 pm. Taimur, please send out a conference call number to LOOP and also ask David Gillespie to participate.

Please see the email that I sent to Joyce Matthews this morning.

I know that Taimur and Silvia received several emails on Friday which transmitted many reports. Since we received these late on Friday, I know that everyone has not had a chance to review. I tried to forward to Richard and Kay, but the email bounced back. Taimur and Silvia can forward the emails.

I recommend that you try to provide as much feedback as possible regarding the reports that we just received including any follow up questions.

Since we have the Program Managers meeting this week with our States, I will meet with the Team on Thursday evening or early next week.

Thank you,

Stacey

Taimur will send out the conference call information this morning.

Thank you for working to get us as much information as possible. I will contact you by Thursday evening to follow up if you have any questions.

Stacey,

We are scheduled for the conference call on Monday at 2:00. Will conference call information be sent out for the call? I know that you're out of the office this week so please give me a call early on Monday to discuss. Thanks and have a great weekend!
