Subject: Diamond Alkali - Lower Passaic River/Coltec Industries Inc.
Attachments: Coltec Ltr.pdf

Bill,

It has come to our attention that Coltec Industries Inc., a potentially responsible party for the Lower Passaic River Study Area (LPRSA) and a member of the Cooperating Parties Group, has undergone a corporate restructuring and is now part of a Chapter 11 bankruptcy proceeding. EnPro Holdings, Inc. recently wrote to EPA about this in relation to a Superfund Site in New York. See attached. To my knowledge, we have not received a similar letter relating to the Administrative Settlement Agreement and Order on Consent for the 17-mile LPRSA. We will be in contact with EnPro about this.

If you have any information about EnPro Holdings LLC, the entity that reportedly has accepted assignment of assets and environmental liability of Coltec that are able to share with us, please let me know.
