Subject: Response to the water leak at the Vo-Toys Site - Today

I just want to thank the Town of Harrison DPW/Water Department for their response to the water leak in Building C today. We are all very thankful and impressed with the speed of the response and the professionalism displayed. I am happy to report that the water released in the basement was contained and we did not have a release off of the Site. We are lucky to be working with the professionals of the Town of Harrison during this challenging project and sincerely appreciate all of your assistance.

Dave Rosoff, EPA On Scene Coordinator
