Control AX-17-002145.pdf

Lynn,

Curtis consulted with Mark on the attached and recommended the following changes:

1. Additional sentence (written on the attached letter)

2. Contact information (Ben Washburn) at the end of the letter.

With your ok, I will make these changes and send you the finished product for review before returning it to Curtis.

If you prefer I proceed in a different manner, please let me know.

Thanks,

Marilyn
