We have the paper that we've been working on (the one we sent you for comment) -- but that has not yet gone to our front office. (I know Alexis and Tina still have some issues to work through on the ESA front). Mary Ellen indicated that she wants to get it to our front office early next week -- so once that happens, you could use that version of the paper.

Pooja,

Please see below. Does HQ have anything like a briefing sheet for the CBD lawsuit (maybe something used for the front office)?

Thanks,

David

Are you scheduled to be off on Friday, April 20? If so, would you be willing to change and come in for at

least a couple of hours? The General Counsel is going to be in the office. I'm going over issues to brief him on, there are a couple of items for you two. Specifically, the OCS general permit challenge, LOOP facility and possibly Oklahoma NESHAP delegation.

Also, do either of you have a briefing paper on the OCS permit that could be updated?
