Attachments: Mitigation Site Visit Form_BLANK.doc

Hey Sarvy,

We have a mitigation site visit spreadsheet on the G drive, in the compensatory mitigation folder. Can you add your site visits to that spreadsheet next time you're in the office? Jason wants me to track site visits for the mitigation workstream. Also, I've attached a site visit form Leana, Jen, and I have been using to record site visit findings. No requirement to use this form, but it's been useful for me. Finally, I noticed that Peterson Ranch is still under the pending bank folder on G share. Sometime soon we should get all the final documents from RIBITS and make a folder for Peterson under "approved banks." Please let me know if you'd like to me to do this.

Thanks,
M

Subject: Petersen Ranch Mit Bank

Jason,
Petersen Ranch Mitigation Bank has completed construction at their Munz Dam restoration site. Per their BEI, the release of the construction security and second credit release are dependent on submittal of the as-builts, as well as a site visit by the IRT. I'll be joining Corps and CDFW on a site visit on Monday, Dec 12.

Pls let me know if you have any concerns?
Thanks,
Sarvy
