Subject: RE: looking for a few deliverables under the previous task order

Hi Casey and Shawn,

I hope all is well!

Thanks for your patience while I uploaded these deliverables (below) into the FTP. With Julian out of school the last few weeks, it's been fairly hectic (to say the least).

Ex. 5 Attorney Work Product (AWP)

Concerning the 10/5/16 deliverable, Toeroek received Hennis' Ability to Pay records from Mike Rudy on September 27, 2016, but the original (paper) files were dated September 19, 2016. The documents were scanned and sent back to EPA on 10/5/16. For all confidential business information ("cbi") records, we affixed a security password to the pdf, which have the word "cbi" at the end of the filename. **Ex. 7(E)**

Everything else should be good to go.

Casey, as our contract winds down, let us know if you need anything. This was the last outstanding task Shawn had assigned. As you know, our contract ends on November 30, but Bonita Peak extends until February 28, 2022. If our contract renews (or there is no decision after 11/30), we will have plenty of availability in December.

I'm only out a couple days in November, so reach out anytime.

Thanks!
Darren

Subject: looking for a few deliverables under the previous task order

Hey Darren,

As we discussed, I have been going through your deliverable index and I have a few that I cannot seem to find either in email or in SEMS. Looks like some of them are on a drive which I have all of them, so I will need to take another look to see if I missed anything. Wanted to get your thoughts. Thanks!

10/5/2016	Processed electronic files of Ability to Pay financial information for a PRP and associated companies, which was received in paper copies from EPA on September 27, 2016.	Litigation Support	Encrypted Hard Drive
