Good morning Chris,

Thanks for this update!

Do you have time available this week for a call to discuss these two applications?

Fee free to propose a time and I will try to make it work.

Best regards,

EXTERNAL EMAIL

Hi Michelle,

I have finished drafting the permit documents for the Tribal C-13 SWD well and am preparing to put them into the internal review process prior to public notice; however, there are a couple items that I want to go over. If you are free sometime early next week, I can setup a call to discuss.

Hi Chris,

Hope you're well.

We are still going through the comments you provided on the Brinkerhoff 3A and plan to schedule a call with you to address any questions we still have.

I'm sure you've been playing catch up this week after being in the field last week, but I just wanted to see if there were any updates on the Tribal C-13 SWD?

Best regards,

Michelle,

Sorry for the delayed response, I drafted the permit documents last week and am working on the finishing touches before putting into our internal review process. There are a couple outstanding questions I am looking into, and I will follow-up with you next week if some additional information is needed. I'm going to be out in the field for the remainder of the week witnessing some well testing, but I'll be checking my email.

Good morning Chris,

Happy Friday, hope you're doing well.

I just wanted to check back in. My engineer was asking for an update. I know you said you have everything you need from us and would reach out with additional questions at a later point.

Best regards,

Hi Michelle,

Thanks for the follow-up, I've done a cursory review of the response and am wrapping up my review of another application received prior to the Merit response on the Tribal C-13 SWD. I'm not waiting on anything else from you at this point, but will let you know if anything is identified as I begin drafting the permit documents.

Good afternoon Chris,

Hope you're well.

Not sure if you have had a chance to start your review of our revisions to the Tribal C-13 SWD application, but I would like to check in to see if you have any status updates and just to make sure you're not waiting on anything else from us.

Best regards,

Hi Chris – Would you please confirm that you received my last email including 2 attachments for the Tribal C -13 revised application? I had a couple of issues getting out larger files this morning.

Best regards,
