Chris,

We can discuss further on Monday. We circled up this morning and we are still shooting for the March 5th, I just wanted to see what options we have incase we ran over a couple of days.

Best regards,

Michelle Yalung

Michelle,

I think a few additional days on the response timeframe could be facilitated if needed; we would just need an indication/commitment for a new date that Merit would respond by.

Good morning Chris – We are still going through your comments and updating the application. The deadline to get this back to you is March 5th. If we needed a couple of extra days, would it be necessary to withdraw and resubmit? I would like to avoid withdrawing, but because of the winter storm here in Texas, we lost a week to work on this.

Best regards,

Michelle Yalung

Michelle,

I have completed the review of the application to convert the Tribal C-13 well to a Class II Salt-water Disposal Well; the cover letter and enclosed comments requesting additional information are attached. If you are available, I'd be happy to go over each of the comments and discuss information needed to complete the application next week.
