Hi Wes –

That's great to hear. David, I'll look forward to receiving any information that you can provide.

Thanks,

Is such an event occurring? Is it for all of HQ? Am I eligible to participate? It would sure save some time and frustration from walking around to all the various offices to get clearance signatures on my Form 3110-1.

Hi David and Wes –

I wanted to let you know that after 43+ years of federal service, I've decided it's time to retire. I've applied for the VSIP buyout offer and am making plans to separate from the Agency on September 2. Therefore, I'm personally going through the off-boarding process (which definitely needs streamlining!).

Shari Grossarth of my office said that one of you had mentioned the possibility of convening a **one-stop sign out event on August 23**, to accommodate folks who are departing under the VERA/VSIP program. Is such an event occurring? Is it for all of HQ? Am I eligible to participate? It would sure save some time and frustration from walking around to all the various offices to get clearance signatures on my Form 3110-1.

Could you please let me know either way, along with details of the event, if in fact one is occurring?

Thanks,

Yes, as long as, on our end, we are able to determine how many employees in each union are affected. Since the makeup of unions is determined by location and/or an employee's status as a professional/non-professional, we would need to utilize certain details to share numbers accurately. But I see no case law demanding that we share details beyond numbers, timing, and general breadth (i.e. is this a local issue or one that affects a broader group of employees) to notice the unions adequately.

Thanks Bob. If I read this correctly, we can provide the part of our package to OPM that have the position in the pool by location. Is that correct?

Subject: RE: Need to Schedule Regular VERA/VSIP Meetings

Hi Everyone,

Attached please find a memorandum on union notice re VERA/VSIP. The short answer is: the Agency can meet its bargaining obligation by notifying each union of the expected date of the change and the number of affected employees within each union. There is no clear obligation to

be so specific to include the numbers of employees within certain job classifications in AAships or regions. Though not giving this information in the initial notice could introduce some risk of an adverse finding by the Authority (i.e. an ALJ or the Authority could find the notice is inadequate to allow the unions a reasonable opportunity to request bargaining), the remedy for that transgression is unlikely to be *status quo ante*, i.e. it is unlikely the Agency would have to rescind the VERA/VSIP. Please see the attached memo for further detail.

Best,

Bob

Sooo, removing the position requires adjusting the business case, max offers, budget and spreadsheet. Vicki is working to submit the updated information as soon as possible.

Vicki, I assume this doesn't impact the business case or V/V max offers, only the spreadsheet and targeted # of positions?

If so, please identify the position so PPTD can update our files. Thanks.

Hi Loretta,

I have consulted with R9 LER and they agree that including this position based upon the information received to date would not be prudent. I'm very sorry that we had no idea that an investigation was underway until today. I would liken this request to remove the positions from our VERA/VSIP submission similar to the internal controls established by EPA after being embarrassed that National Honor Award recipients approved by the Administrator were under investigation for misdeeds, hence the list of all NHA award nominees must be reviewed by the IG before the Administrator approves the final NHA recipients. I'm really sorry we have to do this. Fortunately, its only 1 VERA/VSIP offer and 1 position. If you can do the removal for R9 that would be fine too.

The position that should be removed is the Ex. 6 - Personal Privacy position.

Regards, Vicki 2-3827

The IG will be finalizing their report shortly after the July 4th holiday. The matter involves money that will need to be collected whether she is employed or not employed by EPA. The DRA does not want to allow an employee who will owe the government money to get a buyout.

Subject: Follow-up on recent V/V question

Vicki,

Per the VSIP guide (section 13), in order to be ineligible for VSIP the incumbent must be *in receipt of a decision notice* of involuntary separation for misconduct or unacceptable performance.

How far along is the matter? If there's an only an investigation at this point, it might be premature to remove the employee from consideration. You should also discuss this with LERD for their perspective.

Call me if you need to discuss.

I spoke to both Sherry and BJ earlier. No action is needed now, the SSCs have assumed that a lot of folks will have marked the choices incorrectly. They will work with the individuals to ensure that they are processed correctly. Thanks.

OK –
Lauren – can you follow up with BJ to see if he can correct the data?
Either she selected the wrong drop down or there was a glitch with the system.

Importance: High

Ex. 6 - Personal Privacy is NOT a resignation. She was already scheduled to retire Sep 2, with 40+ years. Please check the coding. Her retirement paperwork was already approved by the SSC.

Donna and Debbi –

Attached are OECA's materials to support our VERA/VSIP proposal. I also want to thank Debbi and Loretta Hunt for their great assistance (and patience) in entertaining our many questions and offering their sound guidance.

I also want to reiterate the request I made at the last DAA brownbag that either the First Assistants or the Acting DAAs/DRAs be given an opportunity to review the submissions (including the proposed justifications) as a group to spot any cross-office issues or potential problems.

Thanks, again!

Verified, I only found one person who was missing from the business case (by number) but is accounted for on the Excel template, and should be. Ex. 6 - Personal Privacy he was added at the last minute. I'm going through now and getting email addresses into a word doc.

Tables can be easily pulled from the targeted positions template.

Hi: this morning, it was decided that only individuals in the pool will receive the detailed info about V/V opportunities and how to apply. That means our list needs to be as accurate as possible. In the morning, can you verify the list against the business case one final time. Attached is a Roster I ran yesterday. Thanks. Debbie expects the templates to come out tomorrow.

Stacy: as we discussed, our list of applicants is attached. I misspoke – there are 30 total. I don't expect the list to change much as a result of the SSC's eligibility determinations. There are one or two places where an applicant clicked on the wrong option (e.g., Ex. 6 - Personal Privacy clicked on Resignation rather than Retirement – these will be corrected by the SSC. Please let me know if you have any questions. Thanks.

Subject: **Detailed V/V Email - Preview - This is about the best I can do with all the tables, etc.**

The U.S. Office of Personnel Management and the U.S. Office of Management and Budget have approved our request to offer Voluntary Separation Incentive Payment (buy-out) and Voluntary Early Retirement Authority (early-out) opportunities. As our organization explores various workforce planning efforts, we want to take advantage of these and other flexibilities and tools to help ensure that our workforce possesses the mix of skills most appropriate for carrying out our mission. This decision was not made lightly; we value our dedicated employees and appreciate the work you perform on behalf of the American people.

In accordance with statute and regulations, we identified the specific grades, occupational series, and geographic locations designated for VERA and VSIP for OPM and OMB, and have received their approval for the categories identified in Attachment A. The maximum number of VSIPs offered to employees in OARM will be 98. If the number of applications received exceeds the maximum number of VSIPs we can offer under one of the categories identified in Attachment A, approvals will be based first on service computation date for leave and then on entry on duty date (total EPA years of service). If the SCD and EOD dates are the same for two eligible employees, then the offer will be granted to the employee who submitted his or her application first. Attachment A also shows the maximum number of VSIP offers that will be approved by organization, grade, occupational series, and geographic location, as applicable.

You can find basic eligibility criteria for VSIPs and VERAs in Attachment B. The Human Resources Shared Service Center in Cincinnati (for OARM employees at Headquarters and in Cincinnati) or in RTP (for OARM employees in RTP) can provide you with more

information regarding your benefits and retirement, and can assist you with obtaining a retirement annuity estimate. Attachment C provides contact information for this purpose.

If you decide to apply, you should do so early in the application period, which opens on July 12, 2017 and closes at 11:59 p.m. Eastern standard time on July 26, 2017. Applications submitted between 12:00 a.m. EST, July 12, 2017 and 11:59 p.m. EST, July 26, 2017, will be accepted on a first come, first served basis if the number of applications does not exceed the maximum VERA/VSIP offers available.

Applications will only be accepted during this period using the online application system. Specific instructions on how and when to apply are in Attachment D. If your application is approved and you decide to proceed with VERA and/or VSIP, you must depart during the separation window which ends on September 2, 2017.

The decision to take advantage of a VERA or VSIP is entirely voluntary. This is a very personal decision. No one will be pressured to submit an application, and no one is required to accept an offer. You are urged to carefully consider the information provided and your personal situation prior to making a decision.

We will continue to provide anyone considering this decision with useful information and expert contacts. We plan to use all flexibilities and tools available to help OARM most effectively support both individual employees as well as the agency's strategic mission.

Thank you.

VERA/VSIP BACKFILL JUSTIFICATION

Program/Region:	AO, OP
FPPS #:	17 1134247
Title/Series/Grade of Position Submitted:	Economist (Leader) GS-0110-15
	Selectee: Ex. 6 - Personal Privacy

Title/Series/Grade of Incumbent who vacated a position under VERA/VSIP (If applicable): Not applicable. This position was not included on the targeted list submitted as part of VERA/VSIP.

The SSCs have been asked to question and elevate anything that could impact the agency keeping the VERA/VSIP commitments. In order for us to keep this mandate, please provide the following information. In your VERA/VSIP business plan, you wanted to ***restructure, reduce and rebalance the current top-heavy, non-supervisory GS-14/15 grades in order to create opportunities for recruiting at lower grade levels.***

Provide below a brief justification to show how the position submitted above is in keeping with the business plan. Thank you.

The Office of Personnel Mgmt and the Office of the Inspector General define restructuring of a position as:

- Supervisory to non-supervisory
- Different series
- Same series, lower grade and FPL
- Same series, same grade (or FPL) but position has been restructured (i.e., significant change in duties). Significant change in duties to be described as a combination of new duties (25% or more) and new quals/specialized experience.

This recruitment received initial SRO approval on February 26, 2016. The PD paperwork was signed by NCEE management in May of 2016, and entered into FPPS in May 2016. This action it was moving along in the system until December 2016, when RTP was instructed to work on the actions that where "close to the finish line," before the impending hiring freeze was put in place. The action was picked back up in April of 2017 and OP submitted a new hiring waiver approved by Samantha Dravis, OP Associate Administrator, on May 30, 2017. In June OP received a notice from RTP that OAES instructed them to cancel the action, this was straightened out after a day or so. Shortly thereafter, OP was told that the position was being placed on hold

again, as a result of VERA/VSIP. However, this was never a positon on the targeted VERA/VSIP list.

While AO and OP have both committed to restructure, reduce and rebalance the current top-heavy, non-supervisory GS-14/15 grades, where appropriate, in order to create opportunities for recruiting at lower grade levels; the work in the National Center for Environmental Economics (NCEE) has seen a significant increase in the technical work and expertise needed to meet the Agency's and Administrator's high priority and mission critical work; including, work within Sectors and the review of the Clean Power Plan. This position requires expertise in numerical modeling, with a focus on economy-wide models and decision-making under uncertainty. This position will also serve in the lead role for NCEE in providing technical assistance to OP, other Agency offices, other U.S. Federal agencies, and other international government agencies on all major aspects of implementing and interpreting economic analyses that concern the economic costs and benefits. Further, this position serves as a Team Leader to other GS-14 and GS-15 positions within NCEE and will spend at least 25% of their time providing technical assistance, economics, and regulatory review of economic analysis on improved statistical techniques and models for assessing and valuing impacts in proposed EPA policies and rulemakings; as well as identifying, distributing and balancing workloads and tasks to meet established priorities and timely completion of assignments. In this lead role, the incumbent will also lead meetings, and represent team findings and recommendations to management.

Ex. 6 - Personal Privacy frequent beneficial contributions to EPA and the economics profession more than qualify her for the GS-15 position. Her work has increasingly taken on leadership over economic analysis and technical assistance to support EPA and Interagency programs, such as: prospective analyses of EPA regulatory and deregulatory actions affecting mobile sources, oil and gas production, refineries, municipal solid waste landfills, ozone NAAQS; development of social cost of greenhouse gas (SC-GHG) estimates; retrospective analysis of the cost of EPA regulations; and research on the energy efficiency paradox. In recent months, Ex. 6 - Personal Privacy has served in senior advisory roles on key economic issues involving EPA's priority efforts to conduct employment impact analysis required by court order and executive order, as well as to develop revised social cost of greenhouse gas estimates consistent with President Trump's Executive Order 13783. Ex. 6 - Personal Privacy expertise is unique and recognized across the world academic economics community. More importantly, Ex. 6 - Personal Privacy is a tremendous team leader – taking on the highest priority challenges, designing analytic plans and coordinating their implementation among numerous economic team members.

In this lead role, the incumbent will also lead meetings, and represent team findings and recommendations to management.

The technical work of Ex. 6 - Personal Privacy is more than sufficient to qualify him for a GS-15 position, as he has been increasingly applying leading edge research and knowledge to technical work that no one else within the office (or EPA for that matter) can take on. Ex. 6 - Personal Privacy has an extensive background in energy economics and works on EPA and interagency actions affecting the electricity, oil, gas, and related sectors. He has considerable expertise in numerical modeling, with a focus on economy-wide models and decision-making under uncertainty. Ex. 6 - Personal Privacy work now involves providing expertise and leadership on these issues within NCEE and across the economics community in the U.S. and internationally. His modeling skills are now being used to pursue several Presidential priorities, including the review of the Clean Power Plan.

OAES is seeking to continue with the Program Analyst GS-14 recruit action (FPPS 17 1262547) for the Resource Management Staff. This new position is critical to fulfilling grants and contracts responsibilities in the Office of the Administrator (AO) and this need was identified in early 2017. This recruit action was submitted to RTP on 7/17/17 and preparations to fill this position began prior to VERA/VSIP commitments.

The incumbent of this position will serve as the expert analyst of grants and contracts for AO and provide support, leadership, guidance and oversight to the project officers and CORs in AO. Prior to a grant or contract being submitted, the incumbent will review the package, identify any missing elements, if applicable, to ensure the package is ready for submittal. As necessary, the incumbent will provide training to AO's project officers and CORs. Additionally, the incumbent will interpret guidance from the Office of Acquisition Management and the Office of Grants and Debarment and provide the interpretation to the project officers and CORs.

Hi Alice

Jeremy suggested that I forward the information and question I raised to you for review and determination. Not knowing exactly what you will need to look at, I have included all of the documents that relate.

My question concerns the way we identified the inclusion of the GS -2210-13 position in our Information. All of our IT staff is part of OARM and our IT Management Branch is physically in the Boston Regional Office Building. We have a lab about 25 miles northwest of Boston which is the OEME Division. When we wrote our package, we noted (Boston, MA only) to make it clear that we were addressing the IT Branch, of which Ex. 6 - Personal Privacy is an employee. He is part of their FTE and budget. We were distinguishing anyone that might actually be part of OEME. We domicile him in the lab because of the size of the organization and it was more practical to house him there. Housing him in Boston and sending him to No. Chelmsford multiple times a week, would incur travel costs. His PS 50 lists his Duty Station as North Chelmsford in order to avoid any unnecessary travel costs. He volunteered to work at the Chelmsford location after he was selected for his position in response to a national posting for a job in Boston.

In our spreadsheets, we included him in our count for the IT Branch and anticipated him as one of the IT Branch's VERA eligibles, and when employees called after the All Hands meeting where we read the series and number of offers that were in our package, I confirmed for him that he was included.

Today, after reviewing the package and spreadsheet that was sent to OPM, Ex. 6 - Personal Privacy called me and asked if the phrase "Boston ONLY" in the R1 spreadsheet precluded him from applying because his duty station is listed as Chelmsford. The fact that he is asking the question has made me concerned that when the SSC is determining eligibility would this be confusing to you and cause you to say he is ineligible?

The first 3 documents on this attachment are our original submission to HQ; the 4th attachment is the updated spreadsheet we provided to HQ when they came out to the regions and asked us to unbundle our mixed series and the last is the document that we have now received showing what was submitted to OPM. I felt it only right to provide everything and let you be the decider of what you needed. Truly not trying to bury you in paper.

I pulled a seniority list for the IT Branch GS 13 2210 folks. I am also aware that Ex. 6 - Personal Privacy is buying back military time. As it currently stands, there is only one person senior to him whom I do not anticipate applying for the V/V.

INFORMATION TECHNOLOGY SECTION	Ex. 6 - Personal Privacy	GS-2210-13	2210 - Information Technology Management, GS-13	08/16/87
INFORMATION TECHNOLOGY SECTION		GS-2210-13	2210 - Information Technology Management, GS-13	02/28/92
INFORMATION RESOURCES SECTION		GS-2210-13	2210 - Information Technology Management, GS-13	07/21/85
INFORMATION RESOURCES SECTION		GS-2210-13	2210 - Information Technology Management, GS-13	10/19/87
INFORMATION RESOURCES SECTION		GS-2210-13	2210 - Information Technology Management, GS-13	04/22/90

INFORMATION RESOURCES SECTION	Ex. 6 - Personal Privacy	GS-2210-13	2210 - Information Technology Management, GS-13	07/02/89
INFORMATION TECHNOLOGY SECTION		GS-2210-13	2210 - Information Technology Management, GS-13	10/20/94

If there is anything that would preclude Ex. 6 - Personal Privacy from being a successful candidate, I would appreciate knowing that as quickly as possible so that we are able to determine any possible remedy. As a note, he was buying back his military time on the "installment plan" and has now changed to paying in full and he has already pursued outside employment opportunities and I know he submitted his application this am so I know he is quite serious about taking this offer if extended to him.

Thanks for your consideration and anticipated response. Please feel free to call if I can provide any further information.

Would be glad to set up time to discuss. I completely get what you're saying. However, since this is now at the formal EEO investigation stage, we are required to turn over any records that have been requested by the investigator. The good news is that we can explain why we wouldn't have certain records to turn over. EG/no names for the interview panel, because there was no panel, because there were no interviews, because the announcement was cancelled (or whatever the circumstances were...)

All

A determination was made not to hire externally given the impending VERA/VSIP. No selection were made on this cert.

I would like to discuss the item further.

[5/23/2017 3:59 PM] Vaughan, Pat:
Ok....so good news and bad. Use 30% for who will take it and 50% for rehire....however, Chris says we CANNOT increase
We have to use the original 181 we sent in. Can't even add back some for the team leads.
[5/23/2017 4:02 PM] Vaughan, Pat:
John says we can include the team leads and have our new total be 184....we just can't up it by 42 like we wanted to.
