Jim

Thanks for your prompt response. We understand about your possible travel restrictions and can meet in Philadelphia. I will check with our team and send you possible meeting dates.

Coleen

I received your voice message of 11-16-17 on behalf of US Steel requesting an NOV conference. Thank you for your prompt response. Would you please check with those who plan to attend for US Steel and provide EPA with several proposed dates and times in November and December for the meeting? I would ask that at least one date and time reflect a meeting in Philadelphia as EPA's travel budget is uncertain. EPA will explore available dates and locations on our end. Thank you.
